See better, work better

Compact LED worker's companion

Equipped with a robust aluminium housing, the Philips Penlight Premium Colour+ provides bright, high-quality light. The Colour+ function shows objects in their true colours. Resistant to shocks, chemicals and water, this lamp is built to last!

See what others can't

- Colour+ function reveals objects in their true colours (CRI 95)

Highly robust

- Shock-, chemical- and water-resistant (IK07/IP54)
- Maximum durability with aluminium body

Be seen, stay safe

- Unique warning mode with bright red flashing light

Hands-free lighting

- Intelligently designed 80° swivel clip with magnet and ergonomic body

Highlights

Reveal colours accurately

The higher the Colour Rendering Index (CRI*), the easier it is to do a quick and precise inspection on your car body. You can inspect your paint, polish, clean or prep zone as if you were working outdoors on a bright sunny day. Lamps with a low CRI value cause some colours to appear unnatural. Light sources with a CRI of 90 or above will let you easily and quickly spot the colour difference such as paint scratch.

Robust and tough

Designed to withstand the toughest working environments with IK07 shock resistance. Because Philips knows even the most careful workers sometimes drop their tools. Water resistant to IP54 standards and with a surface that resists chemicals and workshop solvents, the Philips Penlight Premium Colour+ is a handy pocket tool that is built to last.

Maximum durability

Build for incredible durability with an aluminium body, the Philips Penlight Premium Colour+ is ready for just about any task or situation. This inspection lamp is impact- and scratch-resistant for safe, reliable use indoors and outdoors.

Unique warning mode

Philips Penlight Premium Colour+ offers a unique high frequency warning mode (75 flashes/min). The bright red flashing function means your Penlight Premium Colour+ can warn other road users of danger.

Hands-free for work

With the 80° swivel clip, it's easy to hang the Philips Penlight Premium Colour+ on your belt for a handy everyday carry. The 2 magnets leave both your hands free for work.

Specifications

Electrical characteristics

Battery capacity: 1200 mAh
Battery charging time: 1.8 hrs
Battery run time: Up to 4 hours
Battery type: Lithium Iron phosphate
Charging cable type: Type C USB cable
Plug type: EU plug
Power source: Rechargeable battery
Voltage: 100-240 V V
Wattage: 5 W

Light characteristics

Beam angle: 70 degree degree
Beam angle (pointer): 20 degree
Colour temperature: 5700 K K
LED lifetime: Up to 10,000 hrs
Light output: 200 lm (Boost)/120 lm (Eco) lumen
Light output (pointer): 180 lm

Ordering information

Order entry: LPL81X1
Ordering code: 01391094

Outer Carton

Number of consumer packages: 4

Packaging Data

EAN1: 8719018013910
EAN3: 8719018013927

Packed product information

Pack Quantity / MOQ: 4
Size: 231 mm*98 mm*54 mm
Weight with batteries: 110 g

Product description

Hook: 80° swivel clip
Impact protection rating (IK): IK07
Ingress protection rating (IP): IP54
Magnet: 2
Materials and finishing: Robust aluminium housing
Operating Temperature: -10 to 50 °C
Range: Penlight
Resistant to: grease, oil, workshop solvents
Technology: LED
